Certified  
cardboard packaging

# SUPERINOX PAD

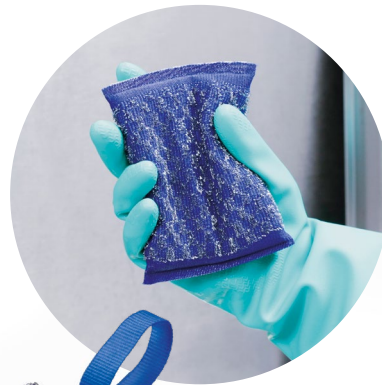

Discover the Superinox Pad, combining the durability of stainless steel with an easy to handle pad, ideal for professional cleaning needs.

## HIGHLY EFFICIENT

Stainless steel fine wires with **high scouring power** that **remove** encrusted dirt from equipment, surfaces and other tough cleaning tasks.

**Branca abrasion:**  
> 190 mg/1000 tours.

## HYGIENIC

Avoids the risk of fibres being released during cleaning, as **it doesn't release particles**.

Can be **effortlessly rinsed** without leaving any residues.

## EASY TO USE

Proper size for **optimal handling**, with a soft sponge inner to aid application and efficient cleaning.

Features an integrated hook for **easy hanging after use**.

## DURABLE

Made of high quality materials for **extended professional applications**.

Double sided scouring for **long-lasting use**.

**Machine-washable** up to 60°C.

### ADDITIONAL INFORMATION

Should be used with protective gloves • Use with detergent for maximum efficiency • Not recommended on delicate surfaces
